 - Durable medical equipment such as crutches, breast pumps and blood pressure monitors are covered when prescribed by a physician and purchased from a payable durable medical equipment provider. Coinsurance applies. Purchases made online or from a retail store are not covered and will not be reimbursed.
- Out-of-network preventive services are not covered.

MESSA Balance+ includes supplemental plans

MESSA's **Accident, Critical Illness** and **Hospital Indemnity** supplemental plans complement your MESSA medical benefits by providing cash payouts for covered injuries, illnesses or hospitalizations for MESSA members and covered dependents. The payouts can be used to cover medical expenses or any other bills (e.g., mortgage, utilities, child care) to provide financial relief when you need it most.

Accident plan

Pays cash benefits when you or a covered dependent experience a covered accidental injury. Includes an organized kids' sports rider that increases payable benefits by 25%.

Critical Illness plan

Pays cash benefits when you or a covered dependent are diagnosed with a covered illness or condition after your coverage effective date. Members receive \$50 a year per covered individual for qualifying health screenings and preventive care, such as certain immunizations for children and adults, mammograms and colonoscopies.

Hospital Indemnity plan

Pays benefits when you or a covered dependent have a hospital stay due to an illness, injury, surgery or childbirth. Pays a lump sum benefit for admission and a daily benefit for a covered hospital stay.

- Covered at no charge — no deductible, no copayment and no coinsurance.

What you pay for prescriptions from an in-network pharmacy

Types of medications	Up to 34-day supply	90-day supply
After your deductible is met the following copayments or coinsurance apply:		
Generic drugs Members pay the lowest copay for generics, making them the most cost-effective option for treatment.	\$10 copayment	\$30 copayment
Preferred brand-name drugs Brand-name drugs are more expensive than generics.	\$40 copayment	\$120 copayment
Nonpreferred brand-name drugs Includes brand-name drugs for which there's either a generic alternative or a more cost-effective, preferred brand-name drug available.	\$80 copayment	\$240 copayment
Preferred specialty drugs Includes generic and brand-name specialty drugs that are used to treat difficult health conditions.	20% coinsurance with a maximum of \$150 (up to 30-day supply)	Not available
Nonpreferred specialty drugs Includes nonpreferred brand-name specialty drugs that are used to treat difficult health conditions. Members pay more for nonpreferred specialty drugs because there are more cost-effective generic or preferred drugs available.	20% coinsurance with a maximum of \$300 (up to 30-day supply)	Not available
<i>Prescription types (generic, brand-name and specialty) are subject to change without notice.</i>		
<i>Up to a 90-day supply of insulin may be obtained for the same amount as a 34-day supply from an in-network provider.</i>		
<i>Specialty medications are handled separately. Specialty drugs must be obtained by mail through Walgreens Specialty Pharmacy or select Walgreens retail pharmacies. If you obtain them from any other provider, you may be responsible for the total cost. The initial quantity of select specialty drugs may be limited, and your cost will be reduced accordingly. Additional fills for specialty drugs are limited to a 30-day supply.</i>
